• Legal 360

LEGAL360, a legal advice and solutions product built to address mainly, a.

Support clients in getting their legal questions answered b. Consult lawyers

over phone c. Hire a competent lawyer for legal services. Initially, this product

will be concentrated with issues related to civil law. Going forward, we might

integrate many more laws such as property, family, criminal, labour etc.

Internally, as an organization we will have legal resources to handle all the

queries, advice and direct support. This product will allow the clients to raise

questions in public or private.
